

## REFERENCE

Mr Josef Wagner, born on the 13th of February, 1990, in Kemnath, has been employed in the field of wind measurement since the 17th of May, 2010 by BBB Umwelttechnik GmbH Renewable Energies in the branch office in Bavaria in the Albert-Einstein-Str. 5, 92637 Weiden, Germany.

BBB Umwelttechnik GmbH Renewable Energy was founded in 1996 and undertakes international engineering, construction, supervision and management of wind farm projects, conducts wind measurements using measurement masts and LiDAR (Light detection and ranging), carries out wind energy assessments suitable for bank eligibility and creates required documents, maps and plans for planning approval processes.

During his tenure at the BBB Umwelttechnik GmbH Renewable Energy Mr. Wagner took on a variety of tasks, which he carried out independently.

These tasks included in particular:

- Installation, operation and maintenance / repair of wind measurement stations (wind measuring masts and LiDAR systems), according to the German Accreditation Body (DAkKS) accreditation, at home and abroad;
- Monitoring, Analysis and Troubleshooting of / based on measured data;
- Acquisition, bidding, consulting with customers, invoicing in German and English;
- Provided support towards developing a quality management system for wind measurements according to DAkKS;
- Research, development, design and implementation of wind measurement stations and peripherals;
- Coordination of projects and project deadlines, communicating with clients and subcontractors.

Mr. Wagner possesses very good technical knowledge, which he always confidently and successfully used to solve his tasks. He has familiarised himself with his assigned tasks within a very short period of time.

Akkreditiertes Prüflaboratorium nach DIN ISO/IEC 17025

- Akkreditiert für die Bestimmung von Windpotenzial und Energieerträgen von Windenergieanlagen
- Akkreditiert für die Durchführung und Auswertung von Windmessungen

Mr. Wagner has considerable determination and good organizational skills. Agreed objectives were successfully implemented by him. In situations with an extremely high workload, Mr. Wagner proved to be quite a resilient individual and went about his tasks in a reflective and goal-oriented manner. He was able to persuade us of both his quantitative and qualitative skills.

Mr. Wagner has performed his duties to our complete satisfaction and met our expectations well. His behaviour towards staff and supervisors was always collegial and exemplary. He behaved at all times loyal to the company and convinced us of his personal integrity. Also for international business contacts, Mr. Wagner was characterised by a professional appearance.

Mr. Wagner leaves our company at his own request on the 31<sup>st</sup> of Oktober, 2014.

We thank Mr. Wagner for his valuable contributions and are very sorry to lose him as a competent employee. For his future career and life we wish him all the best and continued success.

Weiden, den 13.10.2014
